

Good Morning!

Good morning, good morning,
See, the sun is shining
We're all going to school
Learning things is so cool

After school, after school,
We go to the swimming pool
Good afternoon, my friend
We meet at the weekend

Good evening, good evening,
Boys and girls are dining
Homework and chat with James
TV, computer games

Good night, good night,
Under the stars and moonlight
Goodnight, my friend, sleep tight
And watch the bugs don't bite
