It's no surprise that teenagers love Snapchat. Here's what they had to say about it:

"It's how I communicate with most of my friends and it's fun." — 15-year-old.

"I love Snapchat because it's pretty much just texting, but with pictures of my beautiful face" — 16-year-old.

"I love Snapchat, because it is fun to send your friends what you're doing, and where you are in a fast and easy way. I also like being able to make stories, for all of my friends to see, and I also enjoy seeing stories of my friends on it and see what they're up to." — 17-year-old.
